This is a video game simulation of what it means to live in a Democratic socialist society with limited scarcity. "If you are an internet user, a young person, a socialist activist, a student or simply 'ordinary person' who believes in freedom, you should know that it is absolutely possible to build free digital platform for free communication." We are happy to announce that we are launching our fund raising campaign. We need your support and donations to carry out our project and to start a social experiment for the network's future. We are building a free communication network for the left wing of the internet without censorship. Much like the Internet, which has already created thousands of articles, videos and many other kinds of content, we want the socialist network to become a discussion forum where people can share their ideas and engage in debates. Through people sharing their creative productions, we want to be able to create something genuinely new. We need to purchase a domain name to host our website and are looking for support to achieve this in the first place. As a result of this project, you can get back to:

- o Supporting the free internet
- o Breaking the internet monopoly of the big corporations
- o Contribute to promoting free culture and free speech
- o Help us create the socialist network

So, please, help us with your support and donations. We are very pleased to receive any amount you are ready to provide. We are taking various actions to make our fund raising campaign more efficient. This means that until the end of this campaign, you can send us a donation without a donation's page. It means that you can donate from any amount you are ready to give and without having to wait until the end of the campaign. You can make a donation to our fund raising campaign through PayPal. You can find a donation page here: You can make a donation through Bitcoins to 1JLRrk7Ea3f87o77T5Ad90j2rpYSTqwFHSW If you have any problem with this method of payment, please contact us. Maybe you can help us with one of our actions to make our fund raising campaign more efficient.
