FLORIDA BOARD OF REGENTS, a Division of the Department of Administration of the State of Florida, et al., Appellees. No. 4-4262. District Court of Appeal of Florida, Second District. April 17, 1973. *690 William H. Ruddell, of Love, Lloyd, Huesman & Boone, St. Petersburg, for appellant. Ernest R. Hill, Jr., of Dixon, Dejarnette, Bradford, Williams, McKay & Kimbrell, Orlando, for appellee Florida Board of Regents. Robert L. Shevin, Atty. Gen., and E.J. Salcines, Asst. Atty. Gen., Miami, for appellee Department of Administration. ANSTEAD, Chief Judge. This is an appeal from an order denying a writ of mandamus. Appellant contends that the Department of Administration and the Florida Board of Regents acted beyond their authority and violated appellant's constitutional rights. It sought a writ of mandamus commanding appellees to cancel a contract between the Department of Administration and appellee Board of Regents (the regents) and to void the use of funds, already appropriated, for furnishing of space to the regents for performing their functions. This office of the Department of Administration is known as the Public Employees Service Center. Appellant seeks a judgment declaring void a contract entered into by the appellees and that it may exercise its legal right to use the space apportioned to it by the Board of Regents. Appellant charges it has been deprived of the use of its property without due process and is entitled to a writ of mandamus enjoining the State from performing a contract prohibited by law. Appellees contend that the court is without jurisdiction to entertain the suit because the matter has already been heard and determined by the State Public Employees Relations Commission

The legislation is intended to put pressure on companies and non-state entities to meet the government's commitment under the Paris Agreement to reduce emissions intensity

by 28 per cent by 2030. READ MORE: Canada says it wants to reach zero emissions by 2050, but what does that mean? Deloitte Access Economics has calculated that the CER will cover the cost of emissions reductions that are missed by businesses if they are under the government's target but make up for that with higher growth.

“The proposed legislation would significantly increase the financial pressure on companies to reduce their emissions,
